Hospital - Data Analytics

what does (s)he
THINK & FEEL?

Shall we get place here?

Would the facilities be good?

Do we get all services there?

Pricing structure and Cost manageability

Quality of doctors

HEAR?

Patient safety

Hygiene and other aspects

SEE?

Hospital facilities and policies

Medications and treatments

what does (s)he
SAY & DO?

24/7 ambulance service

Availability of 24/7 doctors

Emergency wards and incubation sections

☹ **PAINS**

Fear of Availability of seats in emergency cases

GAINS ☺

Sharing the availability of seats to the public
